Vehicle Sales and Service (VSS) 2.0 by proxia Achieves SAP Certified Integration with SAP S/4HANA® through the “Co-Innovated with SAP” Program

Stans, July 09, 2021 – proxia automotive solutions ag today announced that its product **Vehicle Sales and Service (VSS) 2.0** has achieved **SAP® Certification** as integrated with SAP S/4HANA® as part of the “Co-Innovated with SAP” program. This certificate confirms the technical compliance of **Vehicle Sales and Service (VSS) 2.0** with SAP certification procedures. The offering is available on [SAP Store](#) and is part of SAP’s industry cloud portfolio for the automotive industry.

“We have reached another important milestone in our product development. **proxia Vehicle Sales and Service 2.0** is now **SAP certified** making it the first VSS release that is generally available. What a great achievement by everyone involved and by the entire team! We at proxia are extremely proud of this accomplishment and our associated progress within the ‘Co-Innovated with SAP’ program.” - Dr. Peter Lindtner, CEO proxia

proxia VSS Suite – fully integrated with SAP S/4HANA for vehicle sales and service

The VSS Suite provides end-to-end support for every vehicle sales and service process currently in use. VSS moves forward the digitalization strategies for automotive retailers with an open architecture to support ongoing innovation and disruptive business models, as part of SAP’s broader industry cloud strategy.

The “[Co-Innovated with SAP](#)” program is designed to help partners through the development lifecycle that culminates in an SAP-certified and tested solution against SAP product standards. It is an end-to-end program of guided services offered by the SAP Partner Innovation Lifecycle Services organization that helps partners take their products to market in alignment with other SAP teams (product management, solution management, development and field), thereby providing the guidance and support to help ensure a competitive solution in the marketplace.

The SAP Partner Innovation Lifecycle Services organization has certified that the interface software of the product Vehicle Sales and Service (VSS) 2.0 by proxia integrates with SAP S/4HANA® using standard integration technologies. The co-innovated software with SAP solutions and applications can be deployed into SAP environments to help reduce complexity and innovate business processes based on SAP technology.
